

# Warehousing and Storage

Level 2 Certificate  
Distance Learning

## Details:

Learn the skills and knowledge to be a part of the essential logistics operations within a business.

## Units covered:

- ⇒ Introduction to Warehousing and Storage
- ⇒ Understand how to receive and store goods
- ⇒ Understand how to process orders and prepare them for dispatch
- ⇒ Understand how to check stock and update records
- ⇒ Customer service in warehousing and storage

## Assessment:

Learners will complete a series of assessment questions throughout the course with feedback from the tutor/assessor. There will be regular submission dates for work. This is done via a professional learning platform, and you complete it at a time that suits you, with the support of an online tutor.
